

# Attention Tribal Residents and Enterprises....

## Announcing St. Croix's 20th Annual Household Hazardous Waste Collection

The St. Croix Solid Waste Program is working with Northwest Regional Planning Committee (NWRPC) to host our 20th annual hazardous waste collection event. We are asking Tribal Members and Tribal Businesses to participate so we can correctly dispose of household chemicals, paints, aerosols, and other solvents that are harmful to the environment and human health when not properly disposed of.

The event will be held **Thursday, August 13th, 2026 from 9am-11 am**, or until at full capacity, so come early! The event will be held at the **St. Croix EPA/Natural Resources Department**. Please enter from Highway 70 and exit to the west via County Rd X. Signs will be placed to help direct traffic. Due to the complexity of the materials we ask that participants remain in the vehicle and allow workers to remove all items you are dropping off. Thank you!

### Acceptable Items Include:

|                           |                             |
